Subject: Annual Maintenance Schedule

Valued Customers,

The Hot Mix Asphalt Plant will be closed for annual maintenance and upgrade projects beginning Tuesday January 28th through Friday February 21st, returning to full operation on Monday February 24th. Progress updates will be published as needed if the scheduled re-opening date changes.

ALL other products and services such as class II aggregate base, rubble disposal, emulsion, hot melt crack filler, and other bucketed materials will continue to be offered without interruption throughout this period.

Please continue to communicate your backlog schedules and specific material needs with a member of our sales and/or operations teams.

Sincerely,

Team Reed & Graham
